

**Balma**

**THE NEW  
BALMA  
SINGLE STAGE  
RANGE**

Superior Efficiency of BALMA  
Single Stage Piston Compressors

**Boost your air system's efficiency by revolutionising reliability  
and performance for diverse industrial requirements.**

*A Star in Air Compressors*

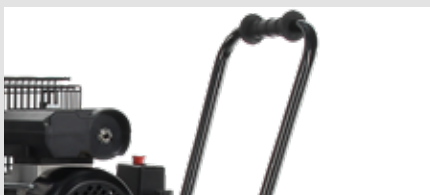

# The New BALMA Single Stage range

**BALMA's new Single Stage line exemplifies advanced and trustworthy technology, fulfilling the stringent requirements of leading professionals and various industries.**

BALMA compressors deliver the best synergy with our accessories available today. Great stability is maintained by the twin front wheels. Ergonomic handles provide support while moving and minimise injury. The outlet filter now protects even high-end tools.

## Cutting-edge highlights

### Optimised handle design

Robust and ergonomic full handle with rubberized protection

### Vessel

Capable of handling up to 270 Litres

### Wheels

Rear wheels: 200mm for maximum resilience.  
Front wheels: 2 x pivot configuration with brake mechanism.

Power	Technology	Power supply			Plug	Air delivery	Pump
hp		V	Phase	Hz			
2 - 5.5	Single and double stage	230/400	1/3	50	3-phase plug onboard	Reliable pressure switch with single exit reducer	All with aftercooler

# ORIGINAL PARTS YOUR QUALITY ASSURANCE

The 'original part' identification confirms that these components passed our strict test criteria. All parts are designed to match the compressor and are approved for use on the specified compressor. They have been thoroughly tested to obtain the highest level of protection, extending the compressors' lifetime and keeping the cost of ownership to an absolute minimum. No compromises are made on reliability. The use of 'original part' certified quality components helps ensure reliable operation and will not impact the validity of your warranty, unlike other parts. Look for your quality assurance.
